
New Kid

Hi,

My Name is Bren and I'm the New Kid here B)

I'm a show breeder of Pugs. Someone stopped by my Ustream chat and asked me to come here to have my link added for my new litter of pug pups that were just whelped on 12/7/2009. This was the first I'd heard of this website. It's a great idea and I hope to see more whelpings and puppy cams. I whelp on average just one litter each year and usually use the Ustream website. Stop by and have a look at the newest addition to Brendy Pugs.

<http://www.ustream.tv/channel/Pug-Puppies> I also have a website with our other pugs if you would like to have a look. Thanx for the invite. www.brendypugs.com

Hi,

Sorry it took me so long to respond. I have been moving into a new house and building new kennels. I should have welcomed you when you wrote this!
